HAPPY THANKSGIVING TO ALL OUR FAMILIES! As a faithful people we are able to move through day-to-day life with a sense of appreciation and gratitude. This gratitude comes from knowing how fortunate we are and how unearned all that we are thankful for really is. To have this perspective in our everyday consciousness is in itself a gift, for it leads to feeling "graced," or blessed, each day. May your time together as a family bless you.

Thank you for keeping the doors to school locked and not propped! It really makes a difference in our children's safety. It's worth the inconvenience.
